Dear Families,

We are very excited for the upcoming 2021-2022 school year! While this year has been full of challenges and a surprise around every corner, I think we can all safely say that we are looking to getting back to a more traditional learning environment, soon!

The administration, along with the board, is pleased to present information to re-enroll your child for the coming school year. Our school remains academically strong despite all the new learning environments imposed on us by COVID. Our school remains safe, and we have proven that we can transition, pivot, and rise to any occasion. As we move into the spring, we look forward to continuing our successes. We have many exciting programs and opportunities for your child to continue to grow and thrive academically, socially, emotionally and spiritually.

As we begin to prepare for the coming school year, we are pleased to provide you with this re-enrollment information. At the December board meeting, the board approved the enclosed tuition rates for the 2021-2022 school year, as recommended by our school finance committee.

Please review the re-enrollment information carefully and abide by the deadlines provided. It is important for our hiring and planning purposes that students are registered on or prior to the February 19th. For this reason, you will note that tuition rates for students registered after the February 19th deadline increase by five percent (5%). This tuition rate deadline will be strictly enforced. **Please make sure to submit your deposit and accompanying registration paperwork on or before February 19, 2021 so that you pay the reduced tuition rate.**

We are proud of our school and our amazing teachers and staff, and we are eager to plan for the upcoming school year. If you have any questions, please call or email Amy Polacek, our Admissions Coordinator, to discuss.

Sincerely,

Robert Gebaide
Board President

Amy Polacek
Admissions Coordinator

P.S. Please enroll on or before Friday, February 19th to receive the early enrollment tuition rate.
